WALKING IN HIS STEPS

READ THROUGH THE BIBLE

NEW TESTAMENT PLAN

Titus 1-2

1 YEAR PLAN

Ezekiel 24-25

Text: 1 PETER 2:21

The Lord Jesus did not only come to save us from sin, He also came to show us the kind of life the Father desires for us to live. He left us an example that we should follow His steps.

Walking in His steps means learning His ways and allowing His life to become our pattern. Jesus spent His life on earth, not doing His own will, but His Father's (John 6:38). This is the life God desires for us, a life that is fully submitted to His will.

Many times, we want to follow Jesus but still hold on to our own ways of doing things. We want Him to bless our plans without necessarily submitting those plans to Him. We cannot walk in His steps if we are not willing to learn from Him. We must allow the Word of God to correct our understanding and the Holy Spirit to lead us into the life that pleases the Father.

When Jesus said to learn of Him, it is because there is a life we actually must learn. We must learn His meekness, His obedience and His complete submission to the Father. The goal is not merely to know about Jesus, but to become conformed to His image.

May the Lord help us to stop following the patterns of this world and give ourselves completely to learning His ways. May we not only confess Him as Lord but also walk as He walked.
