OVERCOMING SIN BY THE LAW OF THE SPIRIT OF LIFE (PT. 2)

READ THROUGH THE BIBLE

NEW TESTAMENT PLAN

Matthew 15-16

1 YEAR PLAN

Habakkuk 3

Text: EZEKIEL 11:19-20

.

God is a law Being, and there are laws that run Him. There are things God can never do because of the laws that are in Him. God can never lie. God cannot change. He cannot do some things because of the laws running Him. And there are things God will always do because of the laws running Him. He will always show mercy. He remains committed to the things He has said He will do. He will always believe. He will always love.

The law of sin and death is what is responsible for the things contrary to the will of God that we do. This law of sin and death was not installed in us overnight. We were led by evil spirits to acquire these laws in our souls. It is something we did over and over again until it became a nature in us.

The good news is that a believer can be empowered by the Holy Spirit to refuse the pull of the law of sin and death. You cannot stop fulfilling the demands of the law of sin and death by your own strength; it is stronger than man. The only person who understands how the law operates is the Holy Spirit, so it is important that we listen to Him. He speaks to us through ministrations we listen to, and He speaks to us individually. That is the reason we are advised to listen to ministrations more than once. There are things you did not hear the first time that by listening again, you will hear. We fetch wisdom in ministrations for our daily living.

Listening to messages with the intent of fetching life out of them is very important. The reason for listening should not be only to have information. Our personal prayer time is also very crucial to our acquisition of the Spirit of life. The Spirit of life does not work without the supply of life by the Holy Spirit. The law of the Spirit of life is formed in the heart and mind by the supply of life.

Prayer and the Word can never be separated. A believer can stay in prayer even while doing other things. You can talk to God when walking on the road. Tell Him what you desire. You cannot neglect setting out a time to pray every day. We generate power for life at the place of prayer.

There is a time to live contrary to the law of sin and death operating in our souls and bodies, even when the laws are still active in you. You need some level of strength, that is by the Holy Spirit, to continually do this until the power of sin and death begins to break over your soul.
