WALKING WITH THE GREAT PHYSICIAN OF THE HEAVENS

NEW TESTAMENT PLAN

Acts 19-20

1 YEAR PLAN

Isaiah 57-58

To walk in the Spirit is to agree with the Spirit. Choices are presented to us daily on how to walk. It is either we agree or disagree with what the Spirit is saying to us.

The Great Physician can't heal us outside the leading of the Spirit. He heals us as we are led by the Spirit to follow a particular path. There are levels of the leading of the Spirit: leading in the milk, the meat, and the strong meat. We have to be led in all of these levels to fully receive our healing and wholeness.

We acquired death in our souls through leadings. Leadings come through thoughts. We followed thoughts engineered by evil spirits when we were ignorant and in blindness.

The Lord is supplying light to us through the teachings of our fathers, mothers, teachers, and pastors. You can receive much light from a ministration depending on how committed you are to what God is saying through that ministration. You can't compare a man who listens to messages with the intent of changing and becoming better to a man who is casual in his approach to changing every day.

We need to master the leading of the Spirit in the milk to be properly prepared for the leading of the Spirit in the meat. We need to read Kenneth E. Hagin's books and listen to our foundational teachings on how to walk in the Spirit. Our Daddy, Pst. Laide Olaniyan, did some teachings on the love walk of the early church recently.

Read Following God's Plan For Your Life, How You Can Be Led By The Spirit of God, and Love the Way To Victory. Don't just read, but be committed to following the instructions that are in the books.

Read for change, not just for the information alone. Read with the mindset of becoming what you are reading. Grace and peace be multiplied to us in Jesus name. Amen.

Prayers:

Father, I desire a closer walk with your Spirit. Overwhelm my mind and heart with your thoughts. I desire newness in my heart and mind, change me Lord.

Confession:

I will follow until I am changed. I desire growth, I desire a deeper sensitivity to the voice of the Holy Ghost.
